Section I: Program Information

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Academic Major

This Page Includes:

- Teachers Prepared by Subject Area
- Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2020-21.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. **(§205(b)(1)(H))**

What are CIP Codes?

☐ No teachers prepared in academic year 2020-21

If your program has no teachers prepared, check the box above and leave the table below blank (or **clear responses already entered**).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

Teachers Prepared by Academic Major

Back To Top

Please provide the number of teachers prepared by academic major for academic year 2020-21. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education–Chemistry" category.

What are CIP Codes?

Do participants earn a degree upon completion of the program? ⦿ Yes
◯ No
☐ No teachers prepared in academic year 2020-21

If your program does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or **clear responses already entered**).

Section II: Annual Goals

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. **(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))**

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Section III: Program Pass Rates

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. **(§205(a)(1)(B))**

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact Westat's Title II Support Center and your testing company representative.

> Students in their clinical experiences participate in IEP teams with their cooperating teachers.

     Act. Students in their clinical experiences participate in IEP teams with their cooperating teachers.

   3. Effectively teach students who are limited English proficient. In methods coursework, students lessons and readings include how to teach to students with

> In methods coursework, students lessons and readings include how to teach to students with limited English proficiency.

limited English proficiency.

2. Does your program prepare special education teachers? ⦿ Yes
   ○ No

If yes, provide a description of the activities that prepare *special education teachers* to:

1. Teach students with disabilities effectively Coursework for Special education teachers: EDS 203. Introduction to Learners with Exceptionalities. 3 hours credit, fall and spring Understanding the recognizable characteristics and exceptional educational needs of learners with handicapping conditions, along with methods that work to meet their needs through the inclusionary process. Knowledge of pre-referral alternatives, referral systems, multidisciplinary team decisions and responsibilities, the IEP process, and placement alternatives that provide the least restrictive environment. Prerequisites: EDU 103 and PSY 143. EDS 323. Inclusion and Collaborative Partnerships. 3 hours credit, every fall Study of the techniques for communicating and collaborating effectively with students, parents, school and community personnel in a culturally responsive program that works in a confidential way to plan individual student programs for learners with exceptionalities. Sources of unique services, networks, and organizations for learners with disabilities will be covered as well as those consumer and professional organizations, publications, and journals relevant to the field of learning disabilities and other handicapping conditions. EDS 402. Instructional Interventions for Learning Disabilities. 3 hours credit, spring A course designed to assist the student to more fully appreciate and understand the problems of the learner with disabilities and to acquaint the student with methods and materials which will assist the learner to more fully reach his potential. Prerequisite: EDS 203. EDS 442. Instructional Interventions for Mental Disabilities. 3 hours credit, fall odd years The course will define the construct of moderate and severe mental retardation. Terminology of the field as well as characteristics of clients, theoretical models, evaluation of psychomotor, cognitive and affective domains of human development and curriculum development will be discussed. Prerequisite: EDS 203. EDS 443. Instructional Interventions for Behavioral Disorders, At-Risk Students. 3 hours credit, fall odd years The course is designed to examine current theories, practices and services related to the education of emotionally disturbed, behavior disordered and socially maladjusted children. Prerequisite: EDS 203. EDS 452. Transitions to Career/Vocation/Community. 2 hours credit, spring Will focus on skills necessary for transition from school to community, careers, and vocations for learners with exceptionalities. EDS 472. Planning and Managing Special Education Programs. 2 hours credit, fall even years Understanding of the basic classroom management theories, methods, and techniques for individuals with exceptional learning needs with an understanding of how technology can assist in this endeavor. Research-based best practices for effective management of teaching/learning will be included. EDS 485. Testing and Measurement. 3 hours credit, spring, even years, cross listed as PSY 485. Teaches students to administer and interpret norm referenced, criterion referenced, informal and functional tests.Prerequisites: EDS 203, EDU 313, and EDS 402. EDS 490. Student Teaching in Special Education. Variable credit, fall and spring All students will formally apply for student teaching during the semester prior to that experience. At this time, a complete review of student records will take place (See EDU 490/494 for details). All student teachers will be placed in special education classrooms of accredited Nebraska schools for a minimum of sixteen weeks [14 semester-hours] (Ten weeks [7 semester-hours] when combined with another endorsement). Student teaching will provide both elementary and secondary experience. Detailed information on the student teaching experience may be found in the York College Student Teaching Handbook. Co-/Prerequisite: EDU 491. Field Experience with Special Education include 45 hours.

   > Coursework for Special education teachers:
   > EDS 203. Introduction to Learners with
   > Exceptionalities. 3 hours credit, fall and spring
   > Understanding the recognizable characteristics

2. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education*

   > Students participate as a member in the IEP during clinical experience (student teaching).

   Act. Students participate as a member in the IEP during clinical experience (student teaching).

   > Included in coursework

3. Effectively teach students who are limited English proficient. Included in coursework
